This letter is a personal recommendation for ETD Home Care Inc.

My mother was a resident of ETD Home Care, Inc., an Adult Care Home owned and operated by Marinell & Olivia Iliuc.

Prior to selecting this home for my mother, my wife and I canvassed numerous Adult Care homes. We selected ETD not only because it is a beautiful, clean and well maintained facility/home but because of the attentiveness of the home owners/caretakers. The attention given to each resident from hygiene to meeting nutritional needs to providing social and emotional support is exemplary! Each resident is treated as an extension of the homeowner's family, with celebrations for special occasions to providing personal time beyond meeting basic needs.

The energy, dedication, and attentiveness of the Iliucs exceeded our expectations. Frequent visits to my mother were welcomed and encouraged and often became a social time for everyone.

Home prepared meals, fresh flowers, music were daily fare that nourished the whole person.

Marinell and Olivia are trustworthy and dedicated and are meticulous in their care of each resident.

My mother was very content during the two and one half years she lived with the Iliucs.

We highly recommend ETD for anyone looking for a safe and caring environment for a friend or family member.

Sincerely,

Daniel Igielski/Catherine Igielski, RN
