

We invite you to “Experience The Difference!”

As live-in caregivers at ETD Senior Home Care, we would like to invite you to visit us at our home, located in the Newport Hills residential area of Bellevue, Wa.

Marinell began this business 13 years ago. When he and I married we began a partnership with the vision of providing exceptional care to the elderly—care that is compassionate, highly competent, and attentive to the physical and emotional health needs of our residents. Our goal is to create an extended family of individuals that are as active and mentally alert as they are capable of, and as healthy and comfortable as is possible for their particular conditions. This is a challenging job, and it is a job that both of us feel called to do. We are grateful to be able to provide such a valuable service to the community and to be doing work we thoroughly enjoy.

We have two active, engaging, school-age children who interact with the residents on a daily basis. The children are happy to have so many “grandparents” to share stories and activities with. We provide activities, outings, and private family events for the residents, as well as parties to celebrate holidays and birthdays.

Our home is located on a quiet, residential street with sidewalks. The yard is nicely landscaped and the backyard is fully fenced. There is a patio and a barbeque house that gets used many times during the year. Please call us at 425-957-7587 and come by for a visit. We’d enjoy meeting you and hope to be of service!
