Re: Letter of Recommendation

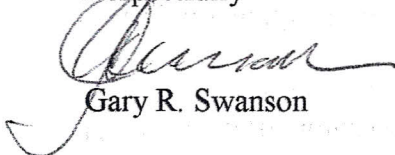

To Whom It May Concern:

The purpose of this letter is to express my appreciation and gratitude to the care my mother received at the private adult family home operated and staffed by Marinell and Olivia Iliuc. My mother was stricken with Alzheimer's and needed to be placed in a facility with 24 hour supervision and care.

After visiting the E.T.D adult family home unannounced and seeing the environment and level of care the residents were receiving a decision was made to place my mother in the nurturing and loving care of the Iliuc family. During my mothers stay at the E.T.D. her quality of care was beyond expectation. She was handled with grace and compassion. Her meals were home cooked, she was always neat and clean and placed in an environment where she could inter act with her fellow residents.

During my mothers final hours at the E.T.D., Marinell and Olivia treated her with love, dignity, and respect. I will always remember my mothers care at E. T. D. as the best of the best.

Respectfully
